Origins and Background of Divergent

Veronica Roth?s Inspiration

Veronica Roth was inspired to write Divergent by her interest in psychology, societal structures, and the concept of human identity. While studying at Northwestern University, she envisioned a society divided into factions based on virtues such as bravery, selflessness, intelligence, honesty, and peace. The idea was to explore how these virtues shape human behavior and whether a person could embody multiple virtues simultaneously.

Development of the Concept

Roth?s initial concept was rooted in exploring the question: What happens when an individual does not fit neatly into one societal category? The protagonist, Beatrice Prior, embodies this dilemma as she navigates her choice of faction and her personal identity. The concept of a society that is rigidly divided but internally conflicted provided a fertile ground for storytelling about rebellion, self-discovery, and societal critique.
